assuring. Leading traders regard the recent pressure to sell spot property as a new and very serious element of weakness in the general situation. "Large quantities of stuff are being sent out," said J. T. Lester this morning, "but the bulk is on consignment, and there is no change in the legitimate demand for our breadstuffs. Crop reports, except from Ohio and Northern Indiana, were never better, and I think that wheat is quite as likely to sell down as up from this point. The outlook does not appear healthy."

The Milwaukee clique are still busily engaged in transferring their deals from June to July, and are doing nothing to advance prices. The bears point confidently to the fact that only eight weeks are between us and a new crop, and declare that unless the financial situation materially improves and stocks in store are much depleted the bulls will be eager to part with their holdings at 75c per bushel before another month.

Yet, while the recent decline has shaken out nearly all the weak longs there is no doubt but those who are left are able to take care of their property. William Young & Co. are estimated to own not far from 10,000,000 bushels at the present time and they will protect it.

A Pretty Woman's Secret. Fear of discovery, when she resorts to false hair and dyes, is a source of constant anxiety to her. The very persons from whom she most desires to hide the waning of her charms are the ones most likely to imake the discovery. But, there is no reason why she should not regain and retain all the beauty of hair that was her pride in youth. Let her use AYER'S HAIR VIGOR, and, not only will her hair cease to fall out, but a new growth will appear where the scalp has been denuded; and locks that are turning gray, or have actually grown white, will return to their pristine freshness and brillance of color. "I've abandoned the river forever," said one of the best known Arkansas river pilots. "I am not fit for any other business, and don't know what to do." "Why did you quit?" some one asked. "Well, you see, I was coming up the river the other day on the Jim Brown. While we were out in the middle of the stream I happened to look toward the bank, when I saw a fellow, dressed in dark clothes, waving a white handkerchief. I blew the whistle and landed. Then the boys laughed me off the boat. The hail was from a little black cow with a white tail. That settled it with me, for I thought that if a cow couldn't lash the flies without landing my boat I'd simply quit."

The following lower Ohio pilots have landing my boat I'd simply quit."

The following lower Ohio pilots have signed an agreement that if rule 44 be not repealed by June 15th, they "will stop work, as they do not propose to be cut off from society by a lot of government dandies:" Joe Oatman, Henry Matheney, Clem Matheney, Wm. Luty, James Matheny, Calhoon Miller, James Roach, Gus Meilon, Wash Phillips, James Ring, Richard Wallace, Robert Morris, Scott Parish, Wm. Matheney, Peter Wilkes, Wm.
